**\$15 DHPP, FVRCP,
and Bordetella Vaccines**

**CASH
ONLY**

\$25 Feline Leukemia Vaccine

What Shots Does My Pet Need?

Rabies vaccines are required by law. Your pet must have a 1-year rabies vaccine before starting a 3-year schedule.

We strongly recommend that pets also stay current on their other core vaccines (DHPP or FVRCP, Bordetella) as these diseases (parvo, distemper, kennel cough) can be just as dangerous for your pet and are much more common than rabies.

Cats who spend time outdoors should also be vaccinated for Feline Leukemia, which has no cure and is most often transmitted by fighting or mating among outdoor cats.

Versailles United Methodist Church Pavilion
230 Paynes Mill Road, Versailles
