**CASH  
ONLY**

**ALSO AVAILABLE:** *Feline Leukemia, Leptospirosis, Bivalent Influenza, Lyme*

### What Shots Does My Pet Need?

**Rabies vaccines are required by law.** Your pet must have a 1-year rabies vaccine before starting a 3-year schedule.

**We strongly recommend that pets also stay current on their other core vaccines** (DHPP or FVRCP, Bordetella) as these diseases (parvo, distemper, kennel cough) can be just as dangerous for your pet and are much more common than rabies.

**Cats who spend time outdoors should also be vaccinated for Feline Leukemia,** which has no cure and is most often transmitted by fighting or mating among outdoor cats.

**Discuss any additional vaccinations with one of our veterinarians** to determine what your pet may need.

**Versailles United Methodist Church Pavilion**  
**230 Paynes Mill Road, Versailles**

**No Appointment Necessary! Please Arrive Before 3:00 PM**  
**ALL PETS MUST BE LEASHED OR CONFINED.**
